Independent Auditor's Report

We have audited the accompanying consolidated balance sheets of American Broadband Acquisition Corp. and Subsidiaries as of December 31, 2011 and 2010 and the related statements of operations, changes in stockholders' equity, and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of American Broadband Acquisition Corp. and Subsidiaries as of December 31, 2011 and 2010, and the results of their operations and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

MIZE & HOUSER
COMPANY P.A.

To the Board of Directors
American Broadband Acquisition Corp.

Independent Auditor's Report

We have audited the accompanying consolidated balance sheets of American Broadband Acquisition Corp. and Subsidiaries as of December 31, 2012 and 2011 and the related consolidated statements of operations, changes in stockholders' equity, and cash flows for the years then ended and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

We were unable to obtain audited financial statements supporting the Company's investment in an affiliate stated at \$3,224,634 at December 31, 2012, or its equity in earnings of that affiliate of \$1,111,419, which is included in net income for the year then ended as described in Note 1 to the consolidated financial statements; nor were we able to satisfy ourselves as to the carrying value of the investment in the affiliate or the equity in its earnings by other auditing procedures.

Independent Auditor's Report (continued)

Qualified Opinion

In our opinion, except for the possible effects in the 2012 consolidated financial statements and the statements of operations, changes in stockholders' equity, and cash flows for the year ended December 31, 2012 of the matter described in the Basis for Qualified Opinion paragraph, the consolidated financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of American Broadband Acquisition Corp. and Subsidiaries as of December 31, 2012 and 2011, and the results of their operations and their cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.
